**Any damage or mess to be paid for, in all cases our decision is final.**

Any third party group not associated with the Brakes Trust would have to get their own Section 19 permit if they intend to charge their passengers directly or indirectly. This can be done via the Community Transport Association.

The Minibus has 16 passenger seats (or 12 plus one wheelchair passenger via a stowable ramp by prior arrangement – please call well in advance as we have to remove and store four seats to accommodate the wheelchair).

I have completed the pre-use safety check list and will complete the journey/incident log overleaf where appropriate.
