4	60	240
5	60	300
6	55	330
7	55	385
<b>+ £2.00* or one Litre of diesel per 5 miles</b>		

\*subject to change without notice - due to current fuel price volatility.

**The driver must be:**

- Paid up Trust member for the current season
- Clean full licence with no medical restrictions, 2 years minimum, category D (minibus) - or category B (car) - but only when driving for Trust passengers under our Section 19 Permit. You can view and share driving licence details at [www.gov.uk/view-driving-licence](http://www.gov.uk/view-driving-licence)
- Aged 25-69.

**The hirer is responsible for all consequential costs, fines, charges etc - including (but not limited to) tolls, accident, breakdown, recovery, insurance excess, speeding, parking, motoring fines, congestion charges, Low Emission Zone Penalty Charges and any other fines or charges. Penalty points will be assigned to hirer's driver.\***

**Any damage or mess to be paid for, in all cases our decision is final. The minibus is only available for hire within the UK and must not be driven or taken abroad or to Eire.**

Any third party group not associated with the Brakes Trust would have to get their own Section 19 permit if they intend to charge their passengers directly or indirectly. This can be done via the Community Transport Association.

The Minibus has a maximum of 16 passenger seats, but we often operate it with 14 to allow for stowage etc – please check with us before hiring. (Reduces to 12 passenger seats to carry a wheelchair passenger using a stowable ramp by prior arrangement – please call well in advance as we have to remove and store up to four seats to accommodate the wheelchair).

I have completed the pre-use safety check list and will complete the journey/incident log overleaf where appropriate.
